 All licenses that have been successfully registered will appear in the table. The table includes the following columns:

- **License type** – the component to which a license will be applied.
- **Quantity** – the number of registered licenses.
- **In use** – the number of licenses that are currently in use.
- **Start date** – the start date of your license.
- **Expiry date** – the expiry date of your license.
- **Date of issue** – the date when your license was released.
